Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-13 and 15-20 are finally rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant is required to correct or clarify the following matters: In claim 1, line 5, the phrase "said cover part" lacks proper antecedent basis. In claim 1, line 5, the phrase "which receiving means" should be replaced with --which the receiving means--. In claim 1, the phrase "the further first cover part" (three places) lacks proper antecedent basis. In claim 4, the phrase "at least one and preferably each first projection" is inaccurate and indefinite because there is only one first projection has been defined in claims 1-3. In claim 6, the phrase "a third projection" is inaccurate because there is no second projection has been defined between claims 1 and 6. In claim 7, line 5, the phrase "said cover part" lacks proper antecedent basis. In claim 7, line 5, the phrase "which receiving means" should be replaced with --which the receiving means--. In claim 7, the phrase "a third projection" is inaccurate because there is no second projection has been defined. In claim 7, the phrase "the projection" lacks proper antecedent basis. In claim 16, the phrase "the further first cover part" lacks proper antecedent basis.

Drawings

3. The drawings are objected to because the drawings are objected to because the sectional views XVI-XVI in Figure 20 should be replaced with XXII-XXII because the sectional views

should be designated by Arabic or Roman numerals corresponding to the view number of the sectional view (MPEP 608.02(h)(3)). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

4. Claims 1-13 and 15-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

Applicant's arguments filed on 10/1/2007 have been fully considered but they are persuasive.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
